Legno

COLLECTION BY STEVENSWOOD®

discover beautifully realistic surfaces.

Legno's true-realistic wood patterns and texture-matched grains are the ideal complement for your designs.

If you are creating the warmth of contemporary rustic, or focusing on a fresh modern style, you will surely enjoy the feel and look of our luxuriously affordable and durable wood alternative.

Feel great about your design and manufacturing choice. STEVENSWOOD® only uses materials that are 100% recycled and recovered, or GRN+ non-added formaldehyde core materials.

timber

COLLECTION BY STEVENSWOOD®

natural texture for today's modern design

The Timber collection provides the perfect design anchor for the realism and authenticity you've been seeking for today's design needs.

This modern and nature-inspired collection features classic and warm medium-wood tones with a sleek veneer texture which pair perfectly to create a natural, calming design for today's favorite, multi-functional living spaces.

Vanish

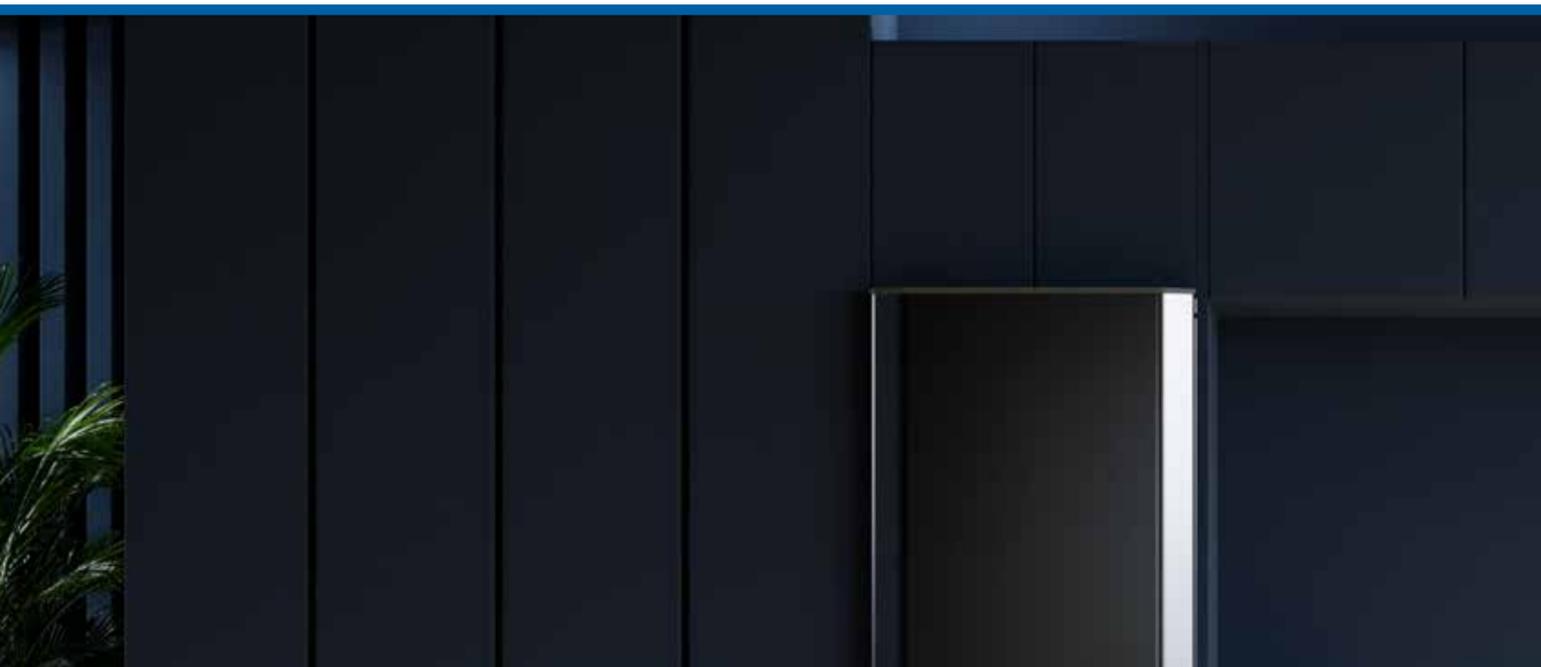

COLLECTION BY STEVENSWOOD®

surfaces designed to stay clean.

The Vanish Collection is the ultimate Super-Matte, Anti-Fingerprint surface solution for all your design needs. Having greater impact resistance than high pressure laminate, Vanish is the perfect choice for kitchen environments and other high use areas.

Combine Vanish with a realistic woodgrain from our Timber Collection or high gloss from our Solasta Collection. The collaborative design opportunities are endless so mix and match and let the fun begin.

Made in the USA with the highest quality materials, Vanish is designed to withstand the toughest high-wear environments without sacrificing style or functionality.

SOLASTA

COLLECTION BY STEVENSWOOD®

mirror mirror on the wall.

Solasta is the latest high-gloss finish that provides a futuristic, yet chic, finish option, and a new way to add both flair and durability to designs.

While some projects may call for dramatic high-gloss surfaces, the opportunity and benefit exist to combine Solasta with a realistic woodgrain from our Timber Collection or super matte from our Vanish Collection.

The collaborative design opportunities are endless so mix and match and let the fun begin.

Dura-Lam

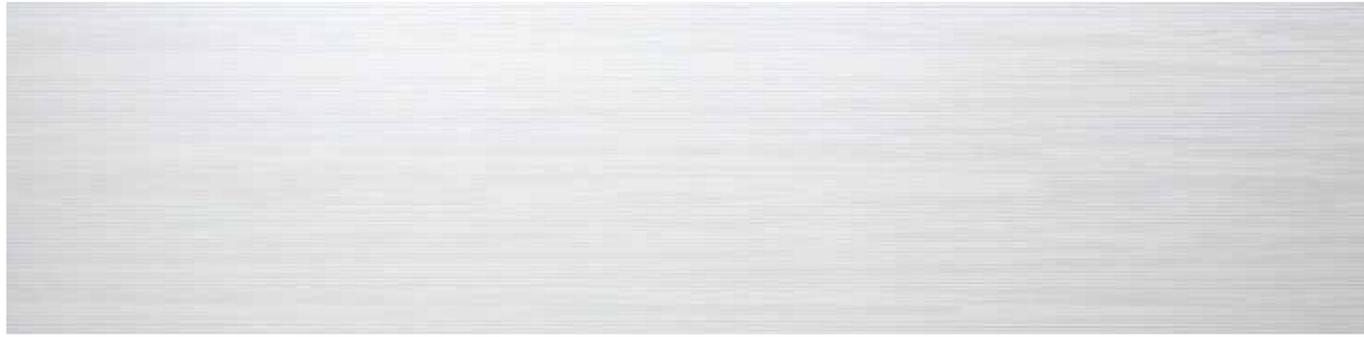

COLLECTION BY STEVENSWOOD®

High Performance, High Impact TFL

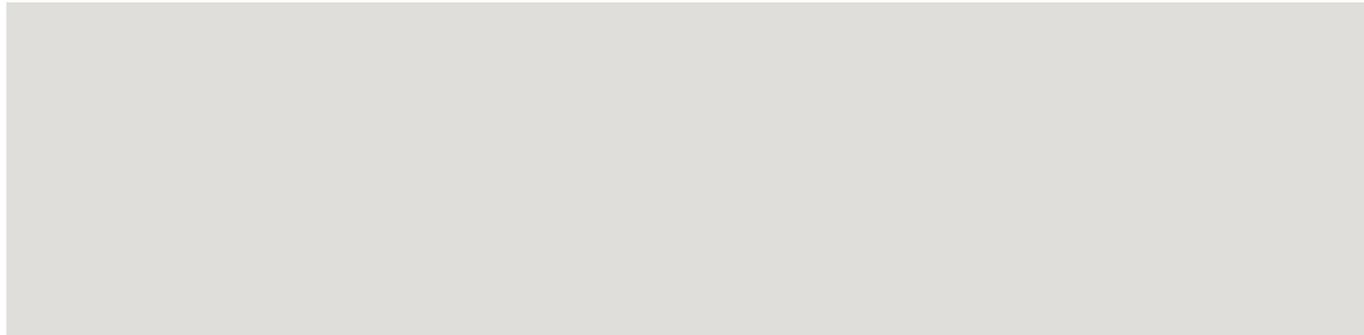

The first ever high-performance resin system combined with state-of-the-art lamination provides a TFL that can be laminated to Plywood, Particle Board and MDF! Laminating TFL to plywood provides huge savings when compared to HPL on plywood and gives the A&D community the product they need to stay on budget! Laminate Dura-Lam to particleboard and you have a panel that has higher impact rating than High Pressure Laminate!

Be confident in choosing Dura-Lam...The cost savings and durability are unmatched.
