

**STEVENSWOOD®**  
CHANGING THE WORLD OF SURFACES

RESIDENTIAL INTERIOR TRENDS 2026

## Residential Interior Trends 2026

Paint's biggest shades, paired with STEVENSWOOD® surfaces you can actually build with.

From cozy grounded neutrals to sophisticated greens and modern taupes, the year's top paint palettes are leaning into warmth, calm, and character.

We translated those "Color of the Year" directions from leading paint brands into buildable, residential-ready combinations pairing paint tones with STEVENSWOOD® woodgrains and solids that bring the look to life across kitchens, baths, and bedrooms.

Every pairing is designed for real homes: timeless enough to live with, elevated enough to feel current, and flexible across contemporary and traditional styles.
